Extended Health Benefits

If you have **extended health** through your employer, check with HR or your insurance plan to see whether your employer has paid for **counselling benefits**. Sometimes this is a separate, contracted service (**Employee Assistance Program**), other times you are covered for a particular counselling professional such as a Registered Social Worker (RSW or RCSW), Registered Clinical Counsellor (RCC) or a Registered Psychologist (R.Psych), whom you would hire privately. Be clear on who you're covered for if reimbursement is important to you! Most of the time, in such arrangements, you pay the therapist first and he or she gives you a receipt for reimbursement through your extended health. I have written extensively counselling options, including third-party, employee assistance programs, private and subsidized, in the following article: <https://willowtreecounselling.ca/articles/am-i-covered-understanding-your-counselling-options/>

If you know of a **not-for-profit agency** offering a professional, lower-cost counselling service that I have not included, please let me know! Apologies, due to the scope of this document, I am unable to accept submissions from private counsellors or private counselling agencies offering subsidized counselling.

As agencies change over time, please check with the above services to ensure accuracy of the information provided here. Note that many programs will have wait lists. Inclusion of the above resources does not indicate an endorsement of them or an affiliation with Willow Tree Counselling.

If you are experiencing a mental health emergency, please call 911.

For non-life-threatening mental health or addictions concerns, contact the Access and Assessment Centre (ACC) at VGH, available 24-7, 365 days a year. Phone, drop-in and outreach support available.
